

Comrades Marathon Superheroes

The Community Chest is one of the official charities of the Comrades Marathon Association. Funds raised from the Comrades Marathon will be channelled to support Early Childhood development. We are privileged to have runners who are Superhero's to the over 6000 children whom we help feed and educate.

One of the platforms in which funds are raised is through Race4Charity. Once entered to run the race, runners are encouraged to register their profile on www.comrades.com. Supporters then donate to the runners profile and upon raising a minimum of R 6000, the runner gets to start the race in the "C" batch and receive a goodie bag from the Community Chest. Last year the Community Chest of Durban and Pietermaritzburg together raised R 338 046.

The Community Chest is privileged to have iconic runners, Barry Holland and David Williams who have pledged to run the Comrades Marathon 2019 in support of the organisation. David Williams of Savages Athletics Club has completed 41 Comrades Marathon races and Barry Holland of Dolphin Coast Striders has completed 46 Comrades Marathons. There are currently only 12 runners in the world who have completed 40 or more Comrades Marathons.

If you are running the Comrades Marathon 2019 and would like to support the Community Chest, call the Community Chest on 031-3033890 or email Fadeela@giving.org.za
